MADHURIBEN BALAS

Senior Tester – Automation | Conversational AI & Test Automation | Aspiring QA Lead

+91 70160 33988 • madhuriben.balas@gmail.com • linkedin.com/in/madhuri6910 • Porbandar, Gujarat, India
Portfolio: madhuribenbalas.github.io/portfolio • 8+ Years of Experience • **Requires visa sponsorship**

AI/GenAI Testing | Framework Architecture | Test Strategy & Leadership | Mobile Automation (Android & iOS)

PROFESSIONAL SUMMARY

Senior test automation engineer with **8+ years** in test automation and quality leadership across Banking, FinTech, Financial Markets, Telecom, Mobile and AI/GenAI, specialising in AI chatbot and NLP testing. Certified in **ISTQB® CTAL-TAE v2.0** (Advanced, Test Automation Engineering), **ISTQB® CTFL v4.0** and **Databricks Generative AI Engineer Associate** (Jan 2026). Built a **Python + BERT semantic embedding framework** from scratch to validate LLM/Rasa chatbot responses, and work daily with Python frameworks, Selenium, Postman and Robot Framework for functional, regression, performance and API testing. I lead a team of **5 testers**, have interviewed **25 candidates** for automation tester roles, and own test plans, RTMs, defect traceability and deployment sign-offs. Currently leading automation for **Rakuten Mobile (Japan)**'s shop reservation platform, where parallel execution cut Jenkins builds from **~2 hours to ~45 minutes** and Claude AI lifted output from **~40 to nearly 200 test cases** in two months; before that, bilingual Kotlin mobile automation for Rakuten Link (**40+ test cases a week**). Delivered **4,500+ automated test cases** and found **480+ critical defects** for **7+ global clients**, cutting regression cycles from days to hours. Experienced in Conversational AI test strategy, sprint planning, CI/CD (Jenkins, AWS Device Farm), cross-functional stakeholder leadership and quality metrics reporting to technical and non-technical audiences. **Tester of the Quarter (Q4 2025)** with **15+ client and management recognitions**. Completing **ISTQB CTAL-TM v3.0, CT-AI v2.0 and CT-ATLaS** (expected Nov 2026). Open to AWS, GCP and containerised environments; targeting **Test Lead / QA Lead** roles.

CORE COMPETENCIES

Test Strategy & Planning • Team Leadership & Mentoring • AI Chatbot Testing (LLM & Rasa) • Semantic Analysis (BERT Embeddings) • GenAI API Testing • Bilingual Test Automation (English & Japanese) • Test Framework Design • UI, API & Mobile Automation (Android & iOS) • SpecFlow BDD • CI/CD Integration (Jenkins, AWS Device Farm) • AI-Assisted Testing (Claude AI, GitHub Copilot) • CI Build Optimisation & Parallel Execution • Flaky Test Analysis & Automation Stability • Defect Life Cycle Management • Stakeholder Communication • Oracle DB Testing • Agile/Scrum

TECHNICAL SKILLS

Languages: C# (Expert), Java (Expert), Kotlin (Proficient), Python (Proficient), Oracle SQL
Automation: Selenium (BDD, POM), Playwright (Robot Framework Browser Library), SpecFlow BDD, Robot Framework, Appium, Kotlin (Android & iOS), Cypress
Performance Testing: JMeter
AI & GenAI Testing: BERT Embeddings, Semantic Analysis, LLM Response Validation, Rasa, GenAI API Testing, Claude AI (script & locator creation), GitHub Copilot
API & Test Management: Postman, Robot Framework (REST Library), PyCharm • JIRA, Zephyr, Xray, TestRail (test cases, defect tracking, reporting)
CI/CD & Devices: Jenkins (build optimisation, parallel execution, failure analysis), Git, AWS Device Farm, LambdaTest, BrowserStack
Cloud & Platforms: AWS (Certified Cloud Practitioner), Databricks (Certified GenAI Engineer Associate), New Relic (NVF; observability & monitoring), AEM, PEGA (CRM/BPM), React Native
Leadership & Methods: Test Strategy, Test Planning, RTM & Defect Traceability, Deployment Sign-off, Hiring & Interviewing, Sprint Test Planning, Risk-Based Testing, PR Review, Mentoring, Knowledge Transfer, Stakeholder Reporting • Agile Scrum, SDLC, STLC, Retrospectives

CERTIFICATIONS

- **ISTQB® Certified Tester Advanced Level – Test Automation Engineering (CTAL-TAE) v2.0** | GASQ (Global Association for Software Quality) | Issued: 2 Oct 2026 | Certification No.: 26-136482 | Score: 92.42% | Verify
- **ISTQB® Certified Tester Foundation Level (CTFL) v4.0** | GASQ | Issued: 25 Sep 2026 | Certification No.: 26-136025 | Score: 85% | Verify
- **Databricks Certified Generative AI Engineer Associate** | Databricks | Issued: 10 Jan 2026 | Credential ID: 171388162 | Verify | Databricks certification wallet | Section scores: Design Applications 100%, Data Preparation 100%, Assembling & Deploying 100%, Governance 100%, Evaluation & Monitoring 100%, Application Development 78%
- **New Relic Verified Foundation (NVF)** | New Relic | Issued: 30 Jun 2025 | Credential ID: 153823984 | Verify
- **LambdaTest Cypress 101** | LambdaTest | Issued: 22 Jul 2024 | Certificate ID: C101-1P5SRF | Verify
- **AWS Certified Cloud Practitioner** | Amazon Web Services | Issued: 1 Jan 2024 | Validation No.: 90X17HSLYEQ11Y5R | Verify
- **In progress, expected Nov 2026:** ISTQB® CTAL-TM v3.0 (Advanced Level, Test Management) | ISTQB® CT-AI v2.0 (AI Testing) | ISTQB® CT-ATLaS (Agile Test Leadership at Scale)

WORK EXPERIENCE

Senior Tester – Automation | SourceFuse Technologies India Pvt. Ltd. *May 2022 – Present*

Noida, Uttar Pradesh, India | **Clients:** Rakuten Mobile (Japan), Commonwealth Bank of Australia (CBA), Comviva (NGAGE NeuraTalk, BlueMarble GenAI), ITOMIXER

- **Team leadership:** 5 testers report to me across 2 squads in a 15-member QA team; I run PR reviews, test case reviews and knowledge-transfer sessions, and mentor juniors on AI testing tools, NLP concepts, automation best practice and complex functional areas.

- **Hiring:** Interviewed 25 candidates for automation tester positions across various projects and requirements.
- **Strategy & delivery:** Define test strategy and scope for several concurrent client projects (entry/exit criteria, timelines, risk areas); coordinate development, manual QA and business teams; report quality metrics to stakeholders.
- **Test governance & releases:** Created test plans, requirements traceability matrices (RTM), defect traceability matrices and proofs of concept (PoCs); provided QA sign-off for deployments and took part in UAT and production deployments, supporting clients with their testing.
- **CI/CD & AI-assisted testing:** Run suites through Jenkins integrated with AWS Device Farm on real Android and iOS devices; use Claude AI and GitHub Copilot for locator creation and script generation, cutting scripting time and improving accuracy.

Shop Reservation System – Retail Store Reservation & Queue Management *Aug 2026 – Present*

Client: *Rakuten Mobile, Japan* | ***Role:*** *Senior Tester – Automation* | ***Technologies:*** *Robot Framework, Browser Library, Jenkins, Claude AI*

• Lead test automation for online reservations, walk-in check-in, the Reception Terminal and queue management workflows. • Cut Jenkins build time from ~2 hours to ~45 minutes with Browser Library and parallel execution; raised output from ~40 test cases a month to nearly 200 in two months using Claude AI to develop and optimise scripts. • Own end-to-end execution, Jenkins build monitoring, failure analysis and stakeholder reports; stabilised automation by fixing flaky scripts and CI failures.

Rakuten Link – Mobile Communication & Services App *Mar 2026 – Aug 2026*

Client: *Rakuten Mobile, Japan* | ***Role:*** *Senior Tester – Automation, Team Lead* | ***Technologies:*** *Kotlin, Jenkins, AWS Device Farm, Claude AI, GitHub Copilot* | *Android & iOS* | *English & Japanese*

• Led automation of Rakuten Mobile's subscriber app: unlimited domestic and international calling, messaging (text, photos, videos, group chats of up to 100), payments, rewards, Rakuten Cash and Points wallet, account management, the Rakuten Link AI assistant, and news and weather. • Automated 40+ test cases a week in Kotlin on Android and iOS in English and Japanese (400+ in total), executed on real devices across many configurations via Jenkins and AWS Device Farm. • Led testers within the 15-member QA team (2 squads of 7); ran PR reviews and maintained quality standards across all test deliverables.

Comviva NGAGE – NeuraTalk AI Chatbot Builder & Agent Portal *Apr 2025 – Mar 2026*

Client: *Comviva (AI/Telecom)* | ***Role:*** *Senior Tester – Automation* | ***Technologies:*** *Python, Robot Framework, BERT, Semantic Analysis, Rasa, LLM*

• With no existing playbook, designed and built a Python framework using BERT semantic embeddings and NLP analysis to validate LLM and Rasa chatbot responses and configurations. • Automated 800+ test cases covering intent recognition, entity extraction, fallback handling, context switching, multi-turn accuracy, bot creation and deployment, canvas creation, message flows and agent-portal handover in QA and staging; found 50+ critical defects before production.

Comviva BlueMarble – GenAI & AWS Platform *Jan 2025 – Mar 2025*

Client: *Comviva (AI/GenAI/AWS)* | ***Role:*** *Senior Tester – Automation* | ***Technologies:*** *Python, Robot Framework*

• Automated 200+ GenAI API scenarios validating AI-generated NLP recommendations, response formats, quality and data accuracy, plus UI checks for API-to-front-end rendering and error handling; found 30+ critical defects.

ITOMIXER – Interactive Music Web & Mobile App *Aug 2024 – Nov 2024*

Client: *ITOMIXER* | ***Role:*** *Senior Tester – Automation* | ***Technologies:*** *Java, Selenium, Appium, JIRA* | *Web & Mobile (Android & iOS)*

• Tested a multitrack music listening and learning app; analysed requirements and functional specifications to design coverage for web and mobile. • Automated 1,500+ UI, functional and regression test cases with a Java POM framework (Selenium for web, Appium for mobile); ran sanity, regression, E2E and SIT across QA, UAT, staging and production. • Logged and verified defects in JIRA by priority and severity; wrote test plans, test cases and execution reports; took part in daily Scrum and sprint retrospectives.

Commonwealth Bank of Australia – CCI PEGA, CWI & CRA Squads *May 2022 – Jun 2024*

Client: *CBA (Banking/FinTech)* | ***Role:*** *Senior Tester – Automation* | ***Technologies:*** *C#, SpecFlow BDD, Postman, Robot Framework, Oracle SQL*

• QA point of contact for the CCI PEGA, CWI and CRA Day0/Day1 squads: led sprint test planning, reported progress to business stakeholders and cleared external blockers. • Built and maintained a SpecFlow BDD framework in C# automating E2E, SIT, regression, UAT and staging tests for retail, business and premium banking, PEGA CRM and mortgage workflows. • Tested PEGA backend APIs with Postman and Robot Framework and verified financial data in Oracle SQL; resolved 60+ critical defects.

QA Engineer | Tata Consultancy Services Limited (TCS) *Oct 2018 – Apr 2022*

Gandhinagar, Gujarat, India | **Clients:** Refinitiv / LSEG (financial markets & data), Axis Bank (SIDDHI CRM, mobile)

- Prepared test strategies, test plans and reports; delivered regression, smoke and functional reports within sprint deadlines to support client demos.
- Raised and tracked 70+ defects in JIRA with clear reproduction steps; coached peers on defect-reporting standards and scenario coverage. Earned 5 company awards in 3 years.

Axis Bank – SIDDHI CRM Mobile App *~1 year*

Client: *Axis Bank (Banking)* | ***Role:*** *QA Automation Lead* | ***Technologies:*** *Appium, Java, React Native*

• Architected a POM-based Appium framework from scratch for the React Native CRM; cut regression from 3 days to 5 hours across 170+ scenarios (120+ Android, 50+ iOS); raised and resolved 60+ bugs before release and led the team's onboarding.

Refinitiv (LSEG) – Financial Markets Data Platform *~2.5 years*

Client: *Refinitiv / LSEG (FinTech/Financial Markets)* | ***Role:*** *QA Engineer* | ***Technologies:*** *Java, Selenium BDD POM, Cucumber, AEM, Salesforce*

• Automated 150+ multi-language site test cases and 50+ Salesforce scenarios with Selenium Java BDD POM, data-driven and BDD Cucumber frameworks. • Covered functional, compatibility, system and integration testing across QA, staging and production for a platform used by 40,000+ customers.

Intern – Web Developer | **Space Applications Centre (SAC), ISRO** *Jan 2018 – Jun 2018*

Ahmedabad, Gujarat, India | 6 months | MISD Department

• Built the Bank Guarantee Monitoring System, a full-stack web app (HTML, CSS, JavaScript, JSP) on ISRO-SAC's internal server that digitised financial guarantee tracking.

AWARDS & RECOGNITION

Tester of the Quarter, Q4 2025 | SourceFuse | Client: Comviva NGAGE (AI/Telecom) *Jatin Chauhan: "Consistently delivered high-quality outcomes demonstrating remarkable ownership, technical expertise, and commitment to excellence. Took full responsibility for designing and maintaining automation solutions that significantly improved test coverage, efficiency, and product quality. Played a key role managing across multiple teams despite complex dependencies. Her proactive approach, problem-solving mindset, and leadership qualities make her a strong and deserving candidate."*

Client Recommendation, Q1 2025 | SourceFuse | Client: Comviva BlueMarble GenAI *Comviva client: "Took on every challenge with grace and delivered on targets, overperformed on committed scope. Felt like a natural extension to our existing team, collaborated beyond expectations, helping adopt new technologies and setting us up for future success."*

Engineering Manager Review, Jun 2024 | SourceFuse | Client: CBA, COO Digitisation & Enablement *Ryan Sharpley, Engineering Manager: "Always on the front foot; reliable, focused, committed. Upfront in calling out concerns and constructively challenging decisions. Strong testing skillset across test case preparation, execution and defect management. Key role in communicating testing progress to business representatives."*

Product Owner Feedback, CWI Squad, Jun 2024 | SourceFuse | Client: CBA, CWI *Marielle Cereno, Product Owner: "Over 9 months; set realistic timelines, proactively raised issues with solutions, ensured compliance approvals, actively contributed to all Sprint ceremonies."*

2-Year Work Anniversary Recognition, May 2024 | SourceFuse Technologies *Komal Pairecha, Account Manager: "Immense dedication and strong work ethic, always made us proud in front of the client. Goes over and beyond to keep communication going and is sincere about every responsibility assigned."*

Our Core Value Award: High Standard, Q1 2024 | SourceFuse | Presented by the CEO *Meenu Rani: "Seamlessly and proactively built, scaled, adapted and streamlined automation systems through 5x department growth, driven by her ability to create efficient processes and insatiable appetite for eliminating pain points."*

Recognised for Commitment, CCI PEGA Squad, Feb – Q2 2024 | SourceFuse | Client: CBA, CCI PEGA *Marielle Cereno, Product Owner: "SP193 prevented approx. $100,000/year in write-off costs. SP22a saved 10 mins/case for Progress Payments team. 5 successfully deployed changes in 2024." Michael Mynett, CBA: "Excellent work; another successful implementation! Thank you for improving our process and risk profile."*

Recognised for Commitment, CBA Team, Aug – Dec 2023 | SourceFuse | Client: CBA, CRA Day0 & Day1 *Suganya Chellam Krishnamoorthy: "Back-to-back releases with great resilience; truly commendable." Kavitha Balasubramanian: "Mastered all functional flows mid-project; test scenarios always detailed, product bug-free." BharathRam GeethaBalu: "Dedicated contribution to Day 0 and Day 1; excellent scenario combinations, great stakeholder communication."*

Recognised for Commitment, CRA Day0 & Bankwest, Jul 2023 and Nov 2022 | SourceFuse | Client: CBA *Kavitha Balasubramanian, Test Lead: "Joined Day 0 mid-project yet mastered all functional flows and executed complex stories; efforts and hardworking nature highly commendable. Quick learner, amazing work spotting bugs in Bankwest CRA Delta."*

TCS Awards, 2019 – 2022 | Tata Consultancy Services | Client: Refinitiv / LSEG On the Spot Team Award (Jan 2022) • Service & Commitment Award (Oct 2021) • Special Initiative Award (Apr 2021) • Star of the Month (Aug 2019) • Star Team Award (Mar 2019)

EDUCATION

Bachelor of Engineering – Information Technology (B.E. IT) | **Parul Institute of Engineering & Technology** *Jul 2014 – Jun 2018*

Affiliated to Gujarat Technological University (GTU) | CGPA: 8.37/10

Higher Secondary Certificate (HSC) – Science | **Jawahar Navodaya Vidyalaya (JNV), Porbandar** *May 2012 – May 2014*

Affiliated to Central Board of Secondary Education (CBSE) | 77.6%

Secondary School Certificate (SSC) | **Jawahar Navodaya Vidyalaya (JNV), Porbandar** *May 2010 – May 2012*

Affiliated to Central Board of Secondary Education (CBSE) | CGPA: 9.2/10

ACADEMIC ACHIEVEMENTS & EXTRACURRICULAR ACTIVITIES

- **Academic:** Shri Dewang Mehta IT Award 2017 (NASSCOM top ranker, 4th year IT, GTU) • 2nd position in the college across all B.E. semesters (Parul Institute of Engineering & Technology) • Maths Talent Search Exam 2009: 7th rank, state level • CBSE PSA 2013: 95.42 percentile in quantitative reasoning • Dr. S. Radhakrishnan GK Award: 72% (all-states competition, 2011) • Smart Maths ABACUS Level 1, Grade A+ (2010)
- **School leadership & events:** School Captain, JNV Porbandar (led morning assemblies and student representation) • Regional Science Congress 2012, NVS Pune Region • Green Olympiad 2011, Ministry of Environment & TERI • Essay Writing: 1st position • Poster Competition: 3rd position • Lagna Geet: 2nd position • Painting Merit Certificate, BL Kuriakose Elias Inter-School Competition (2009)
- **Sports:** Kabaddi: 1st position at JNV Porbandar (2009–10) and selected for the NVS Pune Regional Sports event
